Simply working smarter

with Philips dictation solutions

The Philips desktop transcription system is a document creation solution specifically designed to make dictation easy and intuitive. Its outstanding ergonomics let you manage your jobs easily.

Enhance your productivity

- Auto rewind for fast return to the beginning of the tape
- Search forward and skip functions for quick access to the start of the next recording
- The large display shows all the information needed to manage the workload

Superior audio quality

- Ergonomic foot pedal for convenient playback control
- Lightweight stereo headphones for enhanced wearing comfort
- Tone, speed and volume controls for crystal clear playback at all times

Designed for professionals

- Auto backspace pauses transcription without missing a word
- Record protection for saving valuable dictations
- Turbo wind for fast access to any part of the tape

PHILIPS

- Cable connection: one-sided
- Cable length: 3 m/10 ft.
- Connector: 3.5 mm stereo, right angled
- Connector finish: gold-plated
- Product dimensions (W × D × H): 226 mm × 130 mm × 25 mm/9" × 5" × 1"
- Weight: 100 g/3.5 oz.

Green specifications

- Compliant to 2011/65/EU (RoHS)
- Lead-free soldered product

Package contents

- Transcription machine LFH0720T
- Mini cassette LFH0005
- Foot pedal LFH2210
- Transcription headphones LFH0234
- Power supply LFH0155

Accessories

- Philips headphones LFH0232, LFH0233, LFH0234, LFH0334, LFH2236

Highlights

Auto rewind

Auto rewind allows you to save time by quickly returning to the beginning of the tape automatically.

Search functions

Search forward and skip functions allow quick access to the start of the next recording, making it easier to navigate through your recordings.

LCD tape counter

The LCD tape counter allows you to see the recordings on every cassette right away.

Ergonomic foot pedal

Slim, ergonomic design guarantees hands-free control of all playback functions with minimal physical strain.

Lightweight stereo headphones

Lightweight under-the-chin style stereo headphones designed to deliver excellent sound quality, with soft ear cushions for enhanced wearing comfort.

Volume, tone and speed controls

Variable tone, speed and volume controls guarantee crystal clear playback and provide all the necessary features for transcription accuracy.

Auto backspace

The auto backspace automatically replays the last few seconds to review recorded material for transcribing confirmation and an accurate and fast transcription.

Record protection

You can safeguard valuable dictations using the record protection function. This way you will never accidentally record over valuable recordings.

Turbo wind

The turbo wind function allows you to jump to any part of the tape within seconds and save you valuable time.
